"The Voyeur" stars Melissa Moore, Valentina Nappi, Lily LaBeau, Lyra Law, Michael Vegas, Logan Pierce, Chad White, and Van Wyld.

"This is another amazing erotic achievement from Sweet Sinner and Jacky St. James," says Mile High Media Vice President Jon Blitt. "'The Voyeur' will have viewers questioning their own notions of sexual desire and what is right and wrong. It's a very compelling film that I expect will leave a lasting impression."

In "The Voyeur," a lonely man without any real connection to the outside world finds comfort in watching his tenants through a surveillance camera set up in his home. Sucked in by the passion, intrigue, and heartbreak of other people's lives, the lines between what is real and what is experienced quickly gets blurred when he begins falling for an unsuspecting tenant.

Watching a Sweet Sinner movie with a lover is part of the appeal of the studio. With real lovemaking and real orgasms, Sweet Sinners provides a new kind of couple oriented erotica. Each sex scene is filmed in its entirety, revealing the true chemistry and connection transpiring on screen. The results are adult movies hot enough for him and passionate enough for her. About Mile High Media:

Mile High Media has been a pillar of the adult industry for over 25 years. The Canadian managed company began as a Canadian licensee for American adult movies, ensuring it distributed only the highest quality content. Understanding the diverse and ever changing needs of its consumer base, Mile High determined the best way to provide a wide array of superior entertainment was to produce its own. In 2003, Mile High launched Doghouse Digital, the first of its acclaimed lines catering to specific niches. Growing market trends and demand led Mile High to create Sweetheart Video (lesbian line), Sweet Sinner (couple line), Reality Junkies (reality gonzo line), Male Reality (gay reality gonzo line), Icon Male (Gay romance line) and recently launched TransSensual (TS erotica line). With over 2500 titles, Mile High's studios yield some of the most viewed adult movies in the world, available on all platforms, including broadcast, IPTV, VOD and mobile applications. Mile High is committed to evolve alongside consumers tastes, reflecting new developments in technology and entertainment.
