"Dana brings out the playful, seductive side of her stars in this newest chapter the 'Lesbian Massage' series," said Mile High Media Vice President Jon Blitt. "With an intensely erotic scene between our gorgeous contract star Alexis Fawx and the beautiful Jenna Sativa, Dana sets the pace for a wildly sexy and incredibly passionate all-girl release."

"Lesbian Massage 3" opens with Kayla who is nervous during her job interview at a new spa, and hot spa manager Charlotte Stokely is part of the problem. Next is TV show celebrity Alexis Fawx who orders an at-home-massage, only to discover beautiful Jenna Sativa is her masseuse for the evening.

In Scene 3, college student Maddy O'Reilly gets suckered into helping novice masseuse Scarlett Sage practice some acupressure, and finally, beautiful, self-centered Victoria June can't stay off her cell phone – even on the massage table. Masseuse Darcie Dolce has had enough, and schools Victoria in the best way possible.

About Mile High Media:

Mile High Media has been a pillar of the adult industry for over 25 years. The Canadian managed company began as a Canadian licensee for American adult movies, ensuring it distributed only the highest quality content. Understanding the diverse and ever changing needs of its consumer base, Mile High determined the best way to provide a wide array of superior entertainment was to produce its own. In 2003, Mile High launched Doghouse Digital, the first of its acclaimed lines catering to specific niches. Growing market trends and demand led Mile High to create Sweetheart Video (lesbian line), Sweet Sinner (couple line), Reality Junkies (reality gonzo line), Male Reality (gay reality gonzo line), Icon Male (Gay romance line), TransSensual (TS erotica line) and recently launched Cherry Pop Films (teen gonzo line). With over 2500 titles, Mile High's studios yield some of the most viewed adult movies in the world, available on all platforms, including broadcast, IPTV, VOD and mobile applications. Mile High is committed to evolve alongside consumers tastes, reflecting new developments in technology and entertainment.
