Director James Avalon says, “The scene between Dana and James is one of the most amazing I’ve ever filmed. The chemistry they share is undeniable. Their friendship in real-life becomes apparent in the way they are able to bring laughter and excitement into the bedroom. It’s the kind of sex that makes Sweet Sinner the leader in couples-friendly movies.”

In “The Stepmother 10,” a man discovers his dad is marrying a much younger woman. Rather than showing up to the festivities to celebrate, he is hell bent on wreaking havoc with the budding relationship because he still feels his mother got the raw end of the divorce. After meeting the spunky bride-to-be, the young man’s intentions become cloudy, as he begins to develop feelings for her.

Watching a Sweet Sinner movie with a lover is part of the appeal of the studio. With real lovemaking and real orgasms, Sweet Sinners provides a new kind of couple oriented erotica. Each sex scene is filmed in its entirety, revealing the true chemistry and connection transpiring on screen. The results are adult movies hot enough for him and passionate enough for her. About Mile High Media:

Mile High Media has been a pillar of the adult industry for over 20 years. The Canadian managed company began as a Canadian licensee for American adult movies, ensuring it distributed only the highest quality content. Understanding the diverse and ever changing needs of its consumer base, Mile High determined the best way to provide a wide array of superior entertainment was to produce its own. In 2003, Mile High launched Doghouse Digital, the first of its acclaimed lines catering to specific niches. Growing market trends and demand led Mile High to create Sweetheart Video (lesbian line), Sweet Sinner (couple line), Reality Junkies (reality gonzo line), Hardcore Parody (parody line) and Sweet Sinema (classic Hollywood adaptation line). With over 1500 titles, Mile High's studios yield some of the most viewed adult movies in the world, available on all platforms, including broadcast, IPTV, VOD and mobile applications. Mile High is committed to evolve alongside consumers tastes, reflecting new developments in technology and entertainment. This philosophy led AEBN.net to name Mile High the 2012 Studio of the Year.
