The brand new series conceived by director James Avalon focuses on beautiful women who enjoy letting their partners cum inside of them. Blair, Molly, Tiffany, and Kimmy each have their own erotic scene filled with passion and lust, and ending in an internal orgasm.

"I feel like you can take many of the popular porn genres and add a couples-friendly, romantic element to them," says James Avalon. "'Internal Love' does that for the cream pie genre, giving it the Erotica X treatment."

Blair Williams is ready to take her relationship to the next level. Seth Gamble isn't sure he's ready to settle down, but Blair's passionate confession that she wants him to come inside of her, ignites something in Seth. To view the trailer, click [here](#).

Molly Manson gets a very special Valentine's Day surprise from her lover, Jean Val Jean. The handsome stud gives her the full treatment: rose petals, flowers, and jewelry. It's the perfect way to Molly's heart and between her legs. To view the trailer, click [here](#).

An afternoon of reading romance novels has Tiffany Watson yearning for desire and passion. Tyler Nixon coaxes her to put the book down and experience the real life love story they have together. To view the trailer, click [here](#).

Kimmy Granger and Logan Pierce spend the perfect day together, but it's when they come home that things really begin to heat up. Kimmy slides into the waiting hot tub. Logan joins her for a sensual scene. To view the trailer, click [here](#).

In addition to releasing "Internal Love" on DVD, all four scenes are available to members on Erotica X's site, [EroticaX.com](#). All content on [EroticaX.com](#) is 100% exclusive and filmed in HD. Each week, the site will receive three updates – two HD photo sets and one HD video.

Scenes from [EroticaX.com](#) are unlike anything else on the marketplace and a slight departure from what fans have come to expect from studio founder Mason. Erotica X features beautiful and intimate exchanges between performers; the main focus is on connections and chemistry. The movies are shot entirely on DSLR cameras for visually stunning results. Previews are constantly provided via the studio's blog, <http://blog.eroticax.com>.
