"Kissing is such an important part of foreplay and lovemaking, but it isn't easy to find great kissing in all-male films," says Nica Noelle. "I wanted to create a series that really focused on the art of passionate kissing. In *Guys Kissing Guys* the foreplay is extended with a focus on deep kissing, and you can see the difference it makes in the quality of the sex. The guys are more intimate with each other, and their lovemaking is far more intense as a result of the prolonged foreplay."
